ORGANIZATIONAL SUMMARY:

USA Manufacturing, LLC, is a full-service general contractor with a unique specialty in the manufacturing of American-made construction materials. We also offer construction management services for all sizes of projects. USA Manufacturing, LLC is a domestic leader servicing all 50 states.

With over 40 years combined experience and a wealth of successfully completed projects in our portfolio, USA Manufacturing, LLC has built its reputation by consistently implementing highly disciplined services and processes for all scopes of work.

DIFFERENTIATORS:

At USA Manufacturing, LLC. Material Supply & General Contractor, we have built our reputation by adhering to the highest standards both in our work and in our ethical approach to doing business. To us, a business relationship is defined by the teamwork we share with our clients. Only with our clients help and continuing involvement can we maximize our budgetary achievements, streamline our schedules, and achieve unmatched quality with an outstanding safety record.

We stand by our work due in large part due to our adherence to the ISO 9000: 2015 standard. When the business climate is difficult (as it is today), we work even harder to deliver best-in-class solutions and internal efficiencies, rather than relying on cost-cutting the quality of our products and services to get us through.

Understanding that our clients are our business partners is a cornerstone of our success; it's only when we work together that great things can be accomplished.

WE SERVICE ALL SECTORS:

Public Sector Construction: We are a supplier of construction materials and equipment to The U.S. Department of Defense. Our extensive construction background and strategic facility locations make us a preferred materials vendor and installer for the U.S. Military & Government.

Private Sector: We specialize in construction management from within the private sector. We have capabilities and experience in medical centers, commercial centers, industrial buildings and housing community development projects.

Volunteer Sector: USA Manufacturing, LLC. is a Christian-centered company and believes in supporting charities and non-profit organizations as much as possible. This is our way of giving back to the community and making sure our efforts make a difference to those in need.
